## TABELLE DI RESA SERIE HWA1-A/H / PERFORMANCE TABLES OF HWA1-A/H SERIES

Le tabelle sotto riportate sono indicative e possono essere soggette a variazione. Si intendono riferite sempre alla potenza istantanea secondo EN14511. È incluso lo sbrinatorio.

The performance tables reported here below are only for indication purpose and they could be subjected to modification. They are always referred to the instantaneous power values according to EN 14511. Defrosting is included.

| RISCALDAMENTO / HEATING          |                                               |                                                   |                                                |              |                                                   |                                                |              |                                                   |                                                |              |                                                   |                                                |              |                                                   |                                                |              |                                                   |                                                |              |                                                   |                                                |              |
